Y5 York Chocolate Story visit

We all had a wonderful day on Wednesday, even though the weather was a little wet. During our visit, the children were able to make a Mayan chocolate drink and they tasted lots of lovely chocolates from the range of stages of development of chocolate production. Everyone found the trip very informative and we learnt a great deal about the Quaker families that founded York's chocolate industry.

Y1 Geography

In Geography, Y1 are looking at the country of Zambia. As part of this, we cooked their staple dish of Nshima. Miss Liddle was very impressed that all the children tried the dish, including the accompaniment of sardines!

Forest School Bench

As part of his A-Level DT project, Dylan (from Senior School) wanted to make something for Coram House's Forest School. He has designed the fabulous workbench with detachable seats and built in log stores for us to dry out wood. A huge thanks to Dylan!

Special Mentions

Rec: Darcey Rhodes-Finney

Y1: Junior Thompson

Y2: Sebastian Knight, Thomas Rayner

Y3: John Bootyman

Y4: William Halls, Verity Metcalfe, Florence Purcell, David Swales

Y5: Olivia Dyson, Noah Knight

Y6: Raygen Parkin
